

Ferreteria - Feature #18

messages from form-save need to be preserved for redirect

02/17/2015 02:56 PM - Woozle Hypertwin

Status:	New	Start date:	02/16/2015
Priority:	Normal	Due date:

Target version:		Spent time:	0.00 hour
Description			
<p>When a form is saved (see form-data.php:clsForm_recs::Save()), it is currently made available to the caller -- but it should also be saved by the redirect message-saver, which at the moment I can't remember where to find (and which should obviously be documented as well).</p> <p>I noticed this while tidying up after this change</p>
